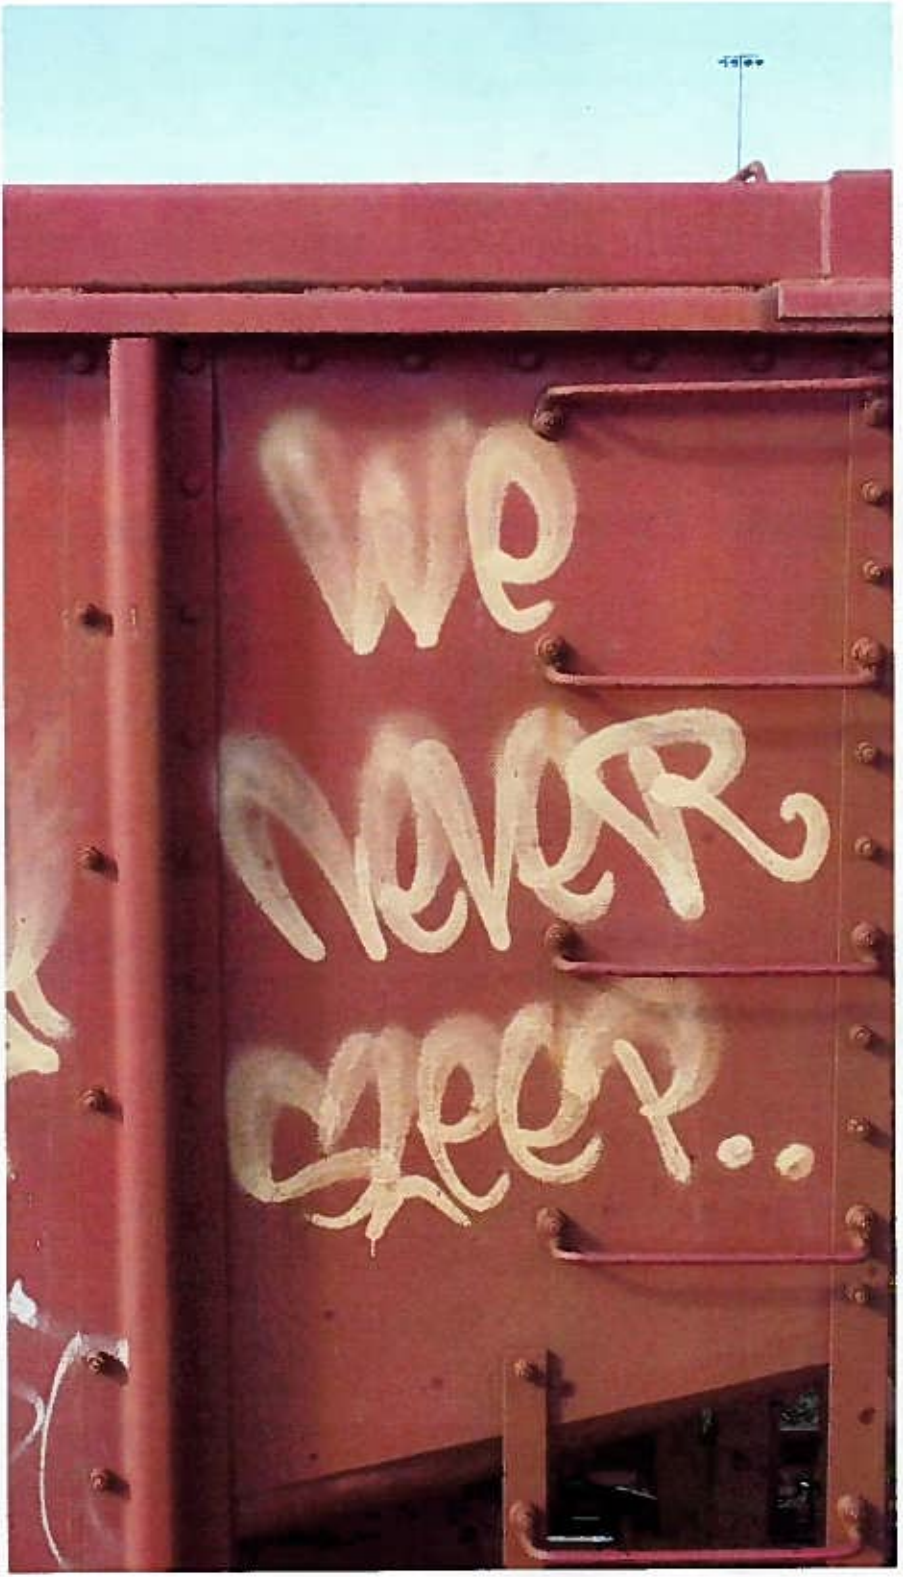
Acknowledgements

Yo! Shoutout to every person that goes outside, day & night, to express themselves on freight trains. Whether in aerosol paint or paint sticks; whether they're from Western Mass or another country, I hope all your artwork is still running!



we
never
sleep..

Thank you for Viewing!

If you're ever interested in submitting pictures or videos for consideration for the next zine, send them over to me! I love collaborating with other people to give them a space for ideas & concepts. New zines coming soon. Peace & love from the 413
